✎ The number of names contained in the present volume of the **New Haven Directory**, is 10,928, of which 2,296 are new ones. The number of changes in address is 3,218.

Our aim is, always to effect a thorough canvass, and make the Directory as full and reliable as such a work can be. To this end a free access to residences, stores, shops, offices, and every other place where people can be found is indispensably necessary, and we are happy to know that there is scarcely one in a thousand, who does not, when the canvasser calls, afford him every facility to obtain the facts which he seeks. But strange to say, there are some to whom his visits are unwelcome, and the aid that he needs is withheld, to the detriment of the work as a book of reference, and consequently to the prejudice of those who have occasion to consult it. In this category this year are the establishments of Winchester & Davies, and of Lawrence, Bradley & Pardee. Our canvassers report that they gained very readily such information as could be given at the offices of these establishments, but were not allowed to go through the shops, without which, they could not do their work properly. If, therefore, any persons working at either of those establishments are omitted or wrongly addressed, we are not answerable.

Within the last twelve months as much mercantile building has been done as there ordinarily is. Among the heavy structures that have arisen may be numbered a block by F. S. & J. Parker, one by S. L. Blatchley, one by Judson Brothers, and one by A. B. Lewis, on State Street. "Cutler Corner," and one by C. L. Chaplain, on Chapel Street. Mr. Sheffield has also remodeled the old Medical College, and fitted it up at great expense for the use of the Department of Philosophy and the arts connected with Yale College.

A Horse Railroad has been constructed from Fair Haven to Broadway. The line of the road is from Fair Haven to State street, thence to Chapel, thence to York, thence to Broadway, through which it is completed as far as Howe street.

We have published in another place (pages 407,8,) the Line and Staff officers of the four regiments that have entered the service of the United States and gone to the seat of war; also the names of the officers and men of the New Haven Companies in those regiments. They have gone on a service which is sublimely patriotic and gravely perilous; and doubtless some will fall in the conflict, in whose memory tears of resignation will be shed by parents and kinsmen and dear ones, who loved them too well to regret their sacrifice in defense of the heritage sealed to us by the blood of our fathers. A portion of our country have rebelled against the best government that man ever devised or thought of—a government whose influence upon them has been felt only by the benefits they have derived from it. New Haven has not been wanting in the patriotic sentiment which has been elicited by the untold outrages committed against us, and she has promptly sent forth her sons in response to the call of the President, to repel the treason which stalks forth in gigantic stature, and threatens the destruction of the nation. We hope those who have gone to meet the rebels will give them the STRIPES to their hearts' content, and those who shall return, will bring with them our full galaxy of STARS, having dispersed the clouds which now hide some of them, and exhibiting the whole constellation in a serene firmament where they shall be forever FIXED, to shed their benignant light over the whole habitable earth; guiding the oppressed of all nations to the goal of freedom, teaching the world that man is capable of self-government, and illustrating the sentiment of our great statesman, "LIBERTY AND UNION, NOW AND FOREVER, ONE AND INSEPARABLE."

The publisher can only add that he has spared no exertion to produce a useful Directory, and he confidently relies upon the good sense of the public to sustain him in his efforts.

The regular time for the admission of Scholars into the Public Schools, is the beginning of the School year, *the first Wednesday in September*, of which due notice is given in the public journals. In case there are more applications than vacancies in any room, the selection of scholars is made by lot.

After the beginning of the school year, any applicants for admission may apply to the Superintendent or the Clerk, either of whom will give a card of admission to some particular school; and in case there is no vacancy in the proper grade of that school, the applicant's name will be entered by the Principal upon a Register of applications, and the scholars whose names are thus recorded will be entitled to seats, (as vacancies occur,) according to the order of time in which they applied.

Inquiries about the Public Schools may be made every morning, from 8 to 9 o'clock, during term time, and at the close of the morning service of the schools, at the office of the Board of Education, No. 5 Institute Building, 59 Orange street.

THE CENSUS OF CONNECTICUT.

THE LARGE TOWNS OF CONNECTICUT.

The following table, prepared from the tables given in the Connecticut Register, shows the growth of all the towns in Connecticut, which now have over 5,000 inhabitants. Nearly all these towns have, at one time or another, had other towns set off from them, and the decade in which the division was made, is indicated by the falling off or comparatively small increase in that decade. New Haven lost West Haven before 1820; Hartford lost West Hartford before 1860. Norwich, Bridgeport, Meriden and New Britain have lost nothing. New London lost Waterford before 1810; Middletown lost Cromwell before 1860; Waterbury lost, at different periods, parts of Middlebury, Prospect, Oxford, Wolcott and Naugatuck; Stonington lost North Stonington before 1810; Stamford lost Darien and part of New Canaan before 1820; Norwalk lost Wilton and part of New Canaan before 1810; and part of Westport before 1840; Danbury lost Bethel before 1860; and Derby lost part of Oxford before 1800, and Seymour before 1850.

Seventy years ago Middletown was the largest town in the State, New Haven second, Lebanon third, Hartford fourth, Fairfield fifth, and Wethersfield sixth. Sixty years ago Stonington occupied the first place, Hartford being second, and New Haven third, closely pressed by New London, Norwalk and Middletown, which stood third, fourth, fifth and sixth. Fifty years ago New Haven went ahead of all the other towns, and took the first place, which she has since held. Hartford retained and has kept the second place. Middletown retained the third place till 1850, when she yielded it to Norwich; and in 1860 she again gave way to Bridgeport, New London, and Waterbury.

HUNT'S New Haven Temple of PHOTOGRAPHIC ART And Imperial Star Gallery of Connecticut!

ESTABLISHED IN NEW HAVEN SINCE 1849.

BRILLIANT SUCCESS! STILL THEY COME!

The above-named unrivalled Institution, was opened for the first time, at Tyler's Building, No. 332 Chapel street, on the glorious Fourth of July, has met with unprecedented success, and at the same time is acknowledged by the hundreds who daily visit it, to be not only the most superbly fitted up Gallery in New Haven, but the first leading one in the State!

MR. HUNT, the well-known Artist and Proprietor, who has been a resident of New Haven for twelve years and upward, would particularly attract the attention of the public to his excellent

Ivorytype Painting

which, for delicacy of color or beauty of finish, CANNOT BE SURPASSED, here or elsewhere.

Photographs and Ambrotypes taken at the Shortest Notice.

Persons having plain Photographs of themselves or friends, can have them beautifully colored in PASTEL, IVORYTYPE or WATER COLORS. Daguerreotypes of deceased friends, (however faded,) can also be copied to the life, as the following, among many other testimonials, will show:

"NEW HAVEN, June 20, 1860.

MR. HUNT—Dear Sir: I am gratified to be able to inform you that the life-size colored Photograph you have just finished for me, from a small daguerreotype of my Mother, who died some years since, is a perfect likeness of her, and could not be improved. You never having seen her in life, I am surprised that you should have been so very successful in bringing out all the natural expressions of the face, as you have.

"I shall take great pleasure in recommending all who want true pictures of dead or living friends, to call at your new rooms and test your superior skill in this wonderful art. Wishing you much success in future,

I remain yours, truly,

JOHN H. COLEY, JR."

The public will please call and judge for themselves. They may thereby see that the work done in this Gallery is NO HUMBBUG.

Don't forget the Number, 332—nor to examine well the life-like likenesses that adorn the entrance. WM. HUNT.
